

We at Spaarks do not wish to offend or hurt the sentiments of any one individual or a group. Hence we will stick to strict community guidelines and hope everyone does the same. Restricted (harmful, violent, graphic and dangerous) or abusive content will not be tolerated in any instance.

Users are requested to follow these guidelines to achieve badges:

Posting a Spaark:

While posting a spaark(post) make sure the content is legitimate, relevant, not spammy and non-abusive content. Once the spaark is posted it will be moderated and once it is deemed to be fit only then the badges will be awarded.

Posting in groups :

While posting in groups make sure the content is relevant to the group, legitimate, not spammy and non-abusive content. Once the content is posted it will be moderated and once it is deemed to be fit only then the badges will be awarded.

Commenting on a Spaark:

While commenting on an individual or a business spaark please make sure that the comment is relevant and sensitive. Make sure that the comments are non-abusive or spammy. These comments will be moderated and once it is deemed to be fit only then the badges will be awarded.

Hashtags:

While using hashtags in a certain post make sure that they are relevant to that post and also unique. It is suggested that you use as many hashtags as you like but make sure that you don't use too many, making the post look shabby. Once hashtags are posted they will be moderated and once it is deemed to be fit only then the badges will be awarded.

A few badges require the user to perform certain tasks consecutively for a specified amount of days. Note that once that streak is broken the count will reset and you will need to start over.

A few badges require the user to like posts or bookmark them. In this case, it is suggested that users do not un-like and un-bookmark immediately as your badge may be revoked if the specified count is not met at any given time.

- ★ Early bird: you will achieve this badge only if you are the first person to post a spaark from that location (5km radius).
- ★ Lurker : using the link provided at the badge users are requested to share screenshots as suggested. It may take up to 24 hours for them to be verified and issue the badge.
